

AUTOMATIC SANITISER DISPENSER

Stop the spread of germs and infection with the no-touch, Automatic Sanitiser Dispenser.

This fully portable system includes a stand and base and also your own custom logo or message to display on the head section of the unit.

Fill the canister with the hand sanitiser of your choice, insert batteries and the system is ready for operation.

◀ Easy Fill Canister

The easy-fill canister holds one litre of sanitiser which will last for up to 300 pumps. Unscrew the lid of the canister and refill as needed. Sanitiser can also be purchased at an additional cost.

Automatic Sensor ▶

Detects when hands are placed under the nozzle and will dispense without the need for touching the system.
